

## Financial Close Systems Support Package

Our team of experts will support and improve your financial close systems process. For a series of months, we'll manage the ins and outs of your systems and refine, enhance, and automate. We specialize in the management of the Hyperion suite of products, including HFM, FDM, Essbase, and Reporting tools.

### What's Included

- > We'll come onsite for a collaborative session with your team to review close systems processes
- > Execution of your close system tasks
- > Each month, we'll review areas that can be improved and implement changes to speed up the process and reduce manual effort
- > Monthly status and close reports will help to document and organize your current process, as well as identify areas of future enhancement

### Major Benefits

- > Free up your team to focus on more meaningful analysis and transformational work
- > Get the support of functional and technical experts without the need for a costly consulting project
- > Receive top quality training and advice to grow your internal staff
- > Client approved support staff; we never outsource
